"SMALL" PROJECTS

big difference

AT SOUTH CHRISTIAN HIGH SCHOOL,
OUR MISSION IS TO EQUIP STUDENTS
TO LIVE CHRIST-CENTERED LIVES
AND SERVE GOD TO THEIR
GREATEST POTENTIAL.

We strive to reveal to each student
the purpose that God has built
into his or her life.

WE ARE *grateful*:

SOUTH CHRISTIAN IS DEBT FREE!

In addition to having built a new
school, an 8,500 sq ft shop class has
been added. And paid for in full.

ENROLLMENT IS GROWING!

South Christian gained over 30
students this year and the trend
continues. The projected enrollment
is strong and we are grateful.

FAITHFUL STEWARDSHIP

South Christian is financially healthy
and we want to remain accessible to
those desiring a Christian education
on the south side of Kent County.

"SMALL" PROJECTS *big difference*

As we continue to grow in the number of students, it is important that we care for our facilities. Safe facilities and improved technology in the auditorium advances our mission.

Stewardship of our facilities is essential for the long-term health and sustainability of our school. Establishing a sinking fund ensures we can care for and maintain our physical plant without increasing tuition.

"THOUGH IT IS THE
SMALLEST OF ALL SEEDS,
YET WHEN IT GROWS, IT IS
THE LARGEST OF GARDEN
PLANTS AND BECOMES A
TREE, SO THAT THE BIRDS
COME AND PERCH IN
ITS BRANCHES."

Matthew 13:32

athletics

(PROJECT ESTIMATE \$276,000)

While the school building is new, the athletic facilities are 20 years old. It is time to invest in them.

- Hardwire internet access to soccer, tennis, and baseball/softball (\$150,000)
- Various fencing projects (\$50,000)
- Maintenance to lights on soccer field and tennis courts (\$30,000)
- Repair/replace retaining walls in tennis facility (\$30,000)
- Replace baseball scoreboard so it is visible in the afternoon sun (\$16,600)

auditorium

(PROJECT ESTIMATE \$80,000)

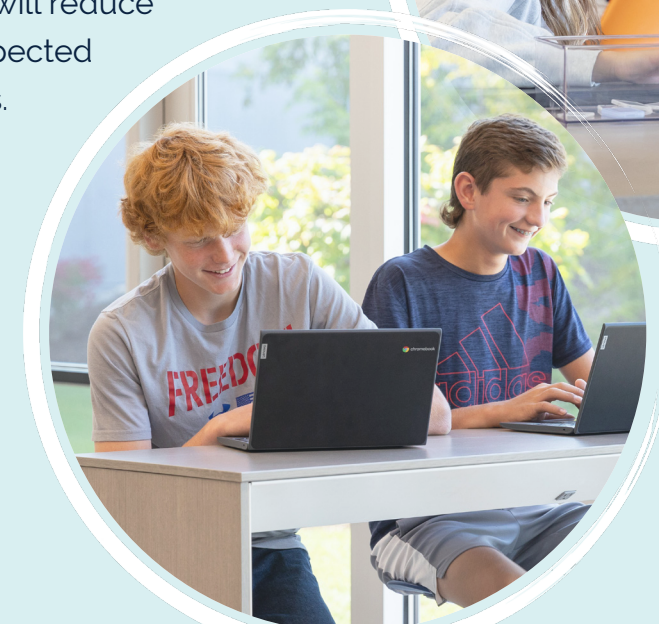

When the auditorium was built five years ago the lighting was adequate. However, better programming will expand new opportunities for students.

- Lighting upgrade in auditorium to include remote controlled lighting (\$80,000)

sinking fund

(PROJECT ESTIMATE \$343,400)

Establishing this fund will ensure that we can cover unexpected, unbudgeted maintenance and repairs without having to urgently fundraise to cover the need. This will reduce the need for putting a large unexpected expense on tuition paying parents.
